### **New Aviation Contract Wins worth £1m**

Ideagen (AIM: IDEA), a leading supplier of Information Management Software to highly regulated industries, is pleased to announce a number of new contract wins in the aviation sector.

Three leading aviation organisations, comprising a UK based regional airline, an African national airline and a Malaysian aviation services company, have placed contracts with the Group worth a combined value of approximately £1m.

The contracts have been won by Ideagen's recently acquired subsidiary company, Gael Limited, and are for the supply of integrated Compliance, Risk and Safety Management solutions, demonstrating the need for aviation companies to invest to deliver operational excellence and the highest standard of safety for their passengers.

#### **David Hornsby, Chief Executive Officer, commented:**

**"Gael has established a global footprint within the aviation sector comprising over 300 customers including national and regional carriers, MRO providers and industry regulators. The need for the aviation industry to have robust systems to ensure**

**passenger safety provides the Group with an opportunity to deliver growth this year and beyond"**
